

Light of My Life

King of Glory, Everlasting light

You keep shining in the depth of night

Out of darkness, You have rescued me

The Light of Life, You set me free

You Shine brighter than the midday sun

Your Life lighting up, lighting up a brand new dawn

You are the light of my life Jesus

You bring the light of Your life to everything

Living Word, lighting up my way

Bringing colour, to the darkest day

I won't hide You, I want all to see

The Light of Life, You've set me free
